Fund Accounting Software for Local Government

Pontem Fund Accounting Suite A Number One choice among local government offices large and small, Pontem's Fund Accounting Suite is an easy-to-learn group of interactive programs that can be combined to create an affordable, customized financial management software solution for your jurisdiction that fits your exact needs.

The heart of the system is our General Ledger/Budgeting module that maintains all your financial data which automatically flows from each of the modules noted below. All modules share a common intuitive design which means you can be up and running with Pontem Software in no time!

GASB-compliant, Pontem's Fund Accounting Software for local government is flexible, affordable and easy to use.

Dozens of standard and custom reports are included that support local governmental offices' specialized fund accounting and reporting needs.

Accounts Payable From one fund to many, managing and paying bills has never been easier. One-step processing makes Pontem's Accounts Payable software not only simple to learn but even more simple to use.

- Cash- or accrual-based accounting.
- Automated accounting for shared cash accounts.
- Real-time budget validation when entering invoices to prevent over-spending.
- Batch process checks or on-demand, and prepare year-end tax forms easily.

Payroll/Time Management Managing payroll tasks is as easy as 1-2-3 with Pontem's scalable, easy-to-use Payroll module. Spread wage, employer taxes and fixed benefits based on wage allocation, easily view all transactions related to an employee's paid and unpaid checks including General Ledger entries, and handle direct deposits with ease.

- Fully-searchable, customizable drop-down menus, user-defined fields, and custom and standard reports.
- Automated leave time accrual tracking, flexible leave time options, and a whole lot more!

Cash Receipts/Cash Management Whether you need to manage cash in one fund or multiple accounts, Pontem's Cash Receipts and Cash Management module will handle the task. Like all Pontem Fund Accounting products, this module also features easy, one-step processing that will save you time and money, too.

- Real-time interface with Pontem's General Ledger means instant accuracy.
- Automated bank reconciliation and General Ledger cash balancing and more, to name just a few...
